

A report on clustering results

1. The plot displays **4 distinct clusters**, as indicated by the color-coded points and the legend labelled Cluster with values 0, 1, 2, and 3.
2. Each cluster is represented by a different colour:
 - Purple (0)
 - Blue (1)
 - Green (2)
 - Yellow (3)
3. Use two relevant clustering metrics
 - a) Davies-Bouldin Index = 0.72127971818163
 - b) Silhouette Score = 0.44975010590006376
